

# Frozen Red, White & Blue Vodka Lemonade Cocktails

Cook: 10 minutes

## Step 1.

Using the Wolf blender, setting ICE - add 3 cups of ice and grenadine together until slushy. Set aside.

## Step 2.

Repeat this step for the blue curacao, set aside.

## Step 3.

Add vodka, lemonade and remaining ice to blender and mix until slushy.

## Step 4.

Prepare the drinks by layering the grenadine into the glass first, then the Blue curacao, then the lemonade on top. (Tip: both Grenadine and Blue Curacao mix need to be thick so add more ice if need be).
