

Frozen Red, White & Blue Vodka Lemonade Cocktails

Cook: 10 minutes

Step 1.

Using the Wolf blender, setting ICE - add 3 cups of ice and grenadine together until slushy. Set aside.

Step 2.

Repeat this step for the blue curacao, set aside.

Step 3.

Add vodka, lemonade and remaining ice to blender and mix until slushy.

Step 4.

Prepare the drinks by layering the grenadine into the glass first, then the Blue curacao, then the lemonade on top. (Tip: both Grenadine and Blue Curacao mix need to be thick so add more ice if need be).
